EXHIBIT 17 - FRAME 17 (SMPTE TIME CODE 00;00;20;29)
“NOBODY IS KNOWLEDGEABLE ABOUT THE DEATH TOLL
THAT GOES WITH THOSE POLICIES”

Dr. Kate Spradley, Ph.D. is the Director of the Forensic Anthropology Center at Texas State University and the subject-matter-expert in charge of *Operation Identification*, a volunteer effort to identify and repatriate migrant human remains back to their families in Central and South America. In a videotaped interview on June of 2018 she stated that *“The larger population in the United States doesn’t know what happens on the border. When people talk about securing the border, immigration reform, nobody is knowledgeable about the death toll that goes along with those policies.”*
