URGENT

The Honorable James B. Comey
Director
Federal Bureau of Investigation - FBI
935 Pennsylvania Avenue, NW
Washington, D.C.

Dear Director Comey,

On September 12th of 2016, I provided URGENT and CRITICAL information related to DIRECT THREATS AGAINST NATIONAL SECURITY to senior figures of the Reagan and Clinton Administrations whose names I am not at liberty to divulge at this point. The information I presented, which was forwarded to the FBI in Washington DC, is part of a research project that I started in 2002 regarding White Supremacists, the Anti-Immigration Movement in the United States and their influence in American politics. During that process, I stumbled upon a correlation that presented an obvious threat to our NATIONAL SECURITY. The information is summed up as follows:

1. In June of 2010, the FBI arrested ANNA VASIL'YEVNA CHAPMAN a.k.a. ANNA CHAPMAN in New York City, on grounds of Espionage against the United States. Along with 9 other Russian nationals who were also Unregistered Foreign Agents operating illegally inside the United States, Ms. Chapman was deported to Russia on July 8 of 2010 as part of a prisoner exchange.
2. The information I presented features a side-by-side comparison between ANNA VASIL'YEVNA CHAPMAN and a second woman with an identical personal and professional trajectory, with all the indicators of also being a "honey trap" or "honey pot" trained in sexual entrapment, but who still remains at large. The comparison chart is enclosed for your review.
3. The comparison created a disturbing mathematical reality: as the number of "coincidences" increased, the likelihood that the second woman was also involved in espionage against the United States became a mathematical certainty, and this of course, is what the FBI needs to determine publicly before November 8.
4. The Westernized name of this second woman is MELANIJA KNAVS which she modified to MELANIA KNAUSS. Due to her marriage to REPUBLICAN PRESIDENTIAL CANDIDATE DONALD TRUMP, MELANIJA KNAUSS currently goes by the name of MELANIA TRUMP. Without a doubt, Melania Trump has a commonly known track record of working with identical techniques, training in sexual entrapment and identical targets i.e. prominent American businessmen in politics. If this is the case, then Melania Trump is presently the most serious threat to US National Security and presents a clear and present danger to Democracy and the political stability of the United States.
